Call for Papers

Winrock International India (WII) set up in 1998 as a not for profit organization has been actively engaged in promoting cleaner technologies in various end-use sectors. WII is deeply involved in the subject of biofuels that not only includes basic research and action research programmes for setting up of demonstration plants based on this technology but also various outreach initiatives. WII is organizing the “5th International Biofuels Conference on 7-8 February, 2008, New Delhi, India”. The earlier conferences have attracted more than 500 national and international delegates with active participation from the Government of India, State Governments, Corporates and other important stakeholders.

Submissions
We plan to publish the conference documentation prior to the event. We are inviting technical/research/policy papers and case studies/success stories. All papers must be written in English and should not exceed 2000-2500 words, and submitted electronically. The acceptance of a paper implies that the author – or, in a multi-authored paper at least one of the authors – will register for the conference and present the paper.

Important dates
- August 31, 2007: Submission of abstracts
- September 15, 2007: Notification of acceptance
- November 30, 2007: Submission of full papers

For further details, please visit www.winrockindia.org

The conference will cover issues like
- Biofuels: Global & Indian Scenario-Policy Perspectives
- Biofuels- Driver for Rural Development
- Challenges & Sustainability issues in Mainstreaming Biofuels
- Recent Trends in Production Techniques
- Biofuel Applications-Emerging Opportunities
- Futuristic Technologies like Biohydrogen
