

5th International Biofuels Conference

February 7-8, 2008; Hotel Le Meridien, Janpath, New Delhi

About the organizer

Winrock International India (WII) set up in 1998 as a not for profit organization has been actively engaged in promoting cleaner technologies in various end-use sectors. WII proactively supports mainstreaming of various renewable energy technologies as a means of addressing the issues of energy security, environmental concerns as well as empowerment of the deprived population. WII is deeply involved in the subject of biofuels that not only includes basic research and action research programmes for setting up of demonstration plants based on this technology but also various outreach initiatives. WII is organizing the 5th International Biofuels Conference on 7-8 February, 2008. The earlier conferences have attracted more than 500 national and international delegates with active participation from the Government of India, State Governments, Corporates and other important stakeholders

Call for papers

Submissions

We plan to publish the conference documentation prior to the event. We are inviting technical/research/policy papers and case studies/success stories. All papers must be written in English, and submitted electronically. The acceptance of a paper implies that the author – or, in a multi-authored paper at least one of the authors – will register for the conference and present the paper.

Important dates

August 31, 2007 : Submission of abstracts
 September 15, 2007 : Notification of acceptance
 November 30, 2007 : Submission of full papers
